QuikpOs multi_mounts

HEAVY-DUTY MULTI-ANGLE POS TERMINAL STAND

OFFICIAL PRODUCT SPEC SHEET
Model: QP-MM-01 • Series: multi_mounts

3/4 COUNTERTOP VIEW
Adjustable tilt with branded base

FRONT RISER VIEW
Internal wire management & locking knob

KEY EQUIPMENT ADVANTAGES

- **Universal Terminal Compatibility:** Multi-pattern slotted faceplate accommodates standard POS terminals, tablets, and customer displays.
- **Smooth Tilt Articulation:** Adjustable continuous pitch from 0° to 65° for optimal clerk and customer interaction.
- **Concealed Cable Routing:** Internal riser cavity with rear pass-through slots prevents cable clutter and accidental disconnections.
- **Commercial Grade Build:** Solid cold-rolled steel structure with industrial black powder-coat finish engineered for high-traffic environments.
- **Flexible Mounting:** Compatible with direct countertop bolt-down or weighted freestanding deployment.

TILT RANGE
0° – 65°
Quick-lock tension control

TOTAL HEIGHT
15.06"
Full vertical clearance

RISER HEIGHT
8.46"
Comfortable eye-level reach

BASE FOOTPRINT
6.41" × 3.20"
Compact counter profile

Commercial POS Terminal & Tablet Mounting Solution
The **QuikpOs multi_mounts** system is designed specifically for demanding retail checkout counters, quick-service restaurants (QSR), and hospitality points of sale. Featuring a rock-solid heavy-gauge steel housing, clean internal cable routing, and an ergonomic smooth-tilt pivot, it elevates order processing speed, protects terminal hardware, and delivers a modern, branded customer payment experience.

PRODUCT SPECIFICATIONS & TECHNICAL DETAILS

MODEL NO: QP-MM-01

Specification	Measurement / Value	Application Detail
Overall Extended Height	**15.06 inches** (382.6 mm)	Full clearance from counter base to top plate
Main Column Height	**8.46 inches** (214.8 mm)	Fixed vertical rigid upright riser
Upper Articulation Reach	**6.70 inches** (170.3 mm)	Dual hinge upper positioning arm
Counter Base Footprint	**6.41" (L) × 3.20" (W)** (162.8 × 81.4 mm)	Space-efficient footprint with pre-drilled holes
Faceplate Dimensions	**6.10" (L) × 2.36" (W)** (155.0 × 60.0 mm)	Universal multi-slotted bracket plate
Tilt & Pitch Range	**0° to 65° Continuous Pitch**	Ergonomic angle locking with side-mounted knob
Cable Management	**Internal cavity with rear pass-through**	Hides power, Ethernet, and serial terminal wiring
Material & Finish	**Heavy-gauge steel, matte black powder-coat**	Scratch-resistant, tamper-proof commercial finish
Installation Options	**Surface Bolt-Down or Anti-Slip Counter Base**	Includes standard mounting hardware kit

Sales & Fleet Rollout Packages: Volume bundle discounts available for multi-lane retail deployments, hospitality franchises, and reseller partners. Ships pre-assembled with standard hardware and terminal adapter plate kit.
